

Small Animal Care Information Sheet – 2025

Practicum #1

Each contestant will read a scenario related to working with small animals and complete the necessary mathematical calculations to solve the problem. Calculations may include, but are not limited to: basic math using whole numbers, fractions, and decimals; conversions; percentages; etc. A conversion chart will be provided. Calculators can be used for this event, but will not be provided. Each question will have 4 possible answers from which to choose.

Time Limit: 15 minutes

Scoring – 5 points each, Total of 50 points

Practicum #2

Each contestant will answer 10 questions about the rabbit breeds on the Small Animal Care Identification sheet. Questions may include, but are not limited to: uses, breed characteristics, handling, diseases and ailments, etc. Contestants may have to identify breeds before answering the questions. Each question will have 4 possible answers from which to choose.

Time Limit: 15 minutes

Scoring – 5 points each, Total of 50 points

Contact Abbi Copp at aecopp@shenandoah.k12.va.us if you have any questions.
